## SIYA-HAMBA

### A PROVEN METHOD ON GOOD AUTHORITY

*This may seem crazy, but we are using a memory trick recommended by memory experts such as Tony Buzan, Harry Lorraine and the Pelman Institute. For those of us who are visual learners (or maybe just day-dreamers) these tricks really work. I find them especially useful when singing in a foreign language, like Geordie! (OK, so I'm a Devonian Yorkshireman!)*

### MENTAL IMAGE – THE DAFTER, THE BETTER!

Imagine you're camping. You have a hamper (it's a hamper containing hamburgers!) and you've just lit your camping Gaz cooker when you hear the distant sound of a police car. Great – it's not coming for me, I'll get the coffee on!

### SEQUENCE

SEE A HAMPER (but pronounced HAMBER as in hamBurger!)

COOKER

Police car goes past (NIGH-NEE)

Brew some coffee KENCO

### SEE- A-HAMBER

COOKER

NIGH-NEE (or "9 E")

KENCO

It's actually pronounced as  
"kWenco" but that's the next  
twist!

Now, you need to remember:

**MARCHING ... LIGHT** (no heavy rucksacks)

**LIVING ... POWER** (make your own image, lest I be burnt at the stake!)

**LIVING ... LOVE** (same excuse as above)

We are **MARCHING** in the **LIGHT** of God

We are **LIVING** in the **POWER** of God

We are **LIVING** in the **LOVE** of God

### FINAL STAGE

Now, pick up your music, and use your mental image to fit the syllables to the rhythm.

**CRACKED IT!** Don't tell our Musical Director how you did it; it's our secret!

Have fun!

**Pete B**
